# SAY MONEY WAS PAID TO BROKER

Treasure-Saving Promoters Are Facing Charges of Fraud

(Continued From Page 1)

as it is alleged in direct violation of the law, the company early in April opened demonstrating salesrooms on Spring street, Los Angeles, employing twenty stock salesmen, having the agent's commission in cash and stock. "When this was discovered by this department," declares Commissioner Nathan in his decision, "the place was closed by the commission on April 12, the temporary permit revoked and the company required to repay all subscribers whose subscriptions had been taken unlawfully and who wanted their investment back. "On May 21 the commission was informed of a rumor that Sisson had attempted to bribe an employee of this department to obtain a renewal of the company's permit. "The best of this commission," the district attorney of Los Angeles and the criminal complaint committee of the grand jury immediately began a thorough investigation and on two days questioned all persons who were alleged to have any knowledge of the transaction. "ALLGED OFFER DEFINED. "From this testimony and the statement of W. D. Sisson it appears that

April 13, the day following the revocation of the permit, one Trouville, a broker of Los Angeles, stated to Sisson that if the company would pay him \$500 in cash and \$500 in two or three weeks out of money derived from stock sales, the permit would be renewed. For this purpose and with the approval of H. Rugg, a director, J. M. Thompson, Glenn Henderson and John Coleman, who seem to be connected with the company, Sisson borrowed \$500 from one Buckman, who knew for what purpose the money was to be used, and in company with J. Mueller, the company's secretary, went to Trouville's office and there paid him the money. "Trouville represented to Sisson that he was dealing with or through John H. Fewkes, the auditor of this department. In April 13 Trouville handed to Sisson a draft of a letter to be sent by the company to the commission which Trouville stated that Fewkes had prepared and handed to him. Trouville's secretary testified that the letter dictated to her, and after it had been transcribed took not only the letter but also her stenographic notes, a thing he had never done in any other instance. In this letter, which was signed by the company's secretary, it was proposed that Sisson should be eliminated from the management and control of the company, and an investigation and report by the auditor, in independent of the company, should be made as to the feasibility of their device and venture, and such other steps should be taken as would give assurance of honest and lawful management of the company's affairs in the future. "REQUEST FOR RENEWAL. "On this basis the writers ask that the permit to sell stock be renewed. "This letter was received and considered by the commission without any suspicion that it had been written in bad faith. Because a large number of persons giving reasonable and confident of the ultimate success of the venture, it if it were carried out, had invested substantial sums which would inevitably be lost if more money could not be obtained through additional sales. "After the receipt of the letter of reorganization was tentatively suggested by the commissioner in a letter dated April 30 to the company, in which it was stated substantially that after the adoption of this or any similar plan giving reasonable assurance that the company would be honestly conducted in the interests of the public and its stockholders, an application for a renewal of the permit would be favorably considered. "The money of the money to Trouville, almost daily conferences between Sisson and Trouville followed until May 12. Trouville asserted that he had paid over the money on April 10, and almost daily assured Sisson that the permit would be issued shortly. "STOCKHOLDERS CANCEL IT. "On May 6, letters from stockholders began to arrive, canceling their subscription and demanding their money back upon the previous advice of this department of their right to do so. The receipt of these letters made Sisson doubt Trouville's assurances, and from then on until the conspiracy was discovered, Sisson was increasingly anxious about his money and his failure to receive a permit. "Many other interesting details must be recited, but the result of the whole investigation showed this: That neither Fewkes nor any other employee of this department had any knowledge of the bribery, and in no way in this attempt at bribery. Second, that the money was paid by Sisson with the knowledge of the other directors of the company and of several of its stockholders and agents as a bribe to obtain a renewal of the permit, or, second, to corrupt some employee of this department, and then upon proof of the fact to discredit the integrity of the commissioner or of his employee in revenge for the revocation of the company's permit. "What the company hoped to accomplish is not important. The facts show that not only Sisson, but also the others responsible to the management of the company who are involved with him in this transaction are willing to commit the most heinous of crimes against the state if it appears to them to be their private advantage to do so."

Sisson notified the district attorney himself of the transaction, and it is believed through that will escape indictment, as he was one of the witnesses before the investigation. Referring to the fact the commissioner says: "The fact that information was given to the district attorney of the payment of the intended bribe two days after it had been paid, does not cure the taint involved in its payment. The fact that the commissioner, upon receiving information of their suspicion of the integrity of an employee of this department is not persuasive of the company's good faith in advising the prosecuting officer. In consequence of the connection with his denial of a renewal of the company's permit to operate, the commissioner says that any further attempt to improperly influence, however slightly, the determination of any question pending before the department, will be regarded as evidence of dishonesty, which will be considered in determining whether the applicant intends to do a fair and honest business."

dent and the cabinet, after two hours of debate decided to send to Germany a note demanding full reparation for the loss of more than 100 American lives when the British steamer Lusitania was torpedoed without warning, and asking for guarantees that American rights on the high seas would not be again violated. Germany's unyielding answer, regarded by officials as evading the main points at issue, was before today's meeting. A decision to send a second note, brief and emphatic, setting forth the American government's position on the disputed points raised by Germany's note was generally predicted in executive quarters. What would result in the event of a non-compliance by Germany, whether the United States would in its communication indicate its course or name a time limit within which a reply would be expected, were matters of general speculation.

TO CONFER WITH DIPLOMAT.  
That the note will not be sent before Thursday is the prevalent belief, because Count von Bernstorff, the German ambassador, has been granted an interview with the President for tomorrow, at which it is expected that the President will endeavor by informal discussion to reach an understanding as to the wishes of the United States for transmission to his government. The view that the German ambassador, because of his difficulties in cable communication, is not closely informed on the attitude of his own government prevails in quarters close to the White House, for which reason it is hardly thought the ambassador's visit will alter whatever determination is reached at the cabinet meeting. STATEMENT TO MEXICO.  
Irrespective of the seriousness of the delicate point, the President, in relations with Germany, the President has determined to issue today a statement to be communicated to all Mexican cities, demanding an early restoration of order by the Mexicans themselves, and indicating that unless this is done some other means will be employed to save the population from the effects of famine and extensive devastation wrought by the internal warfare.

SONS OF SOUTH PLEDGE LOYALTY  
By Associated Press.  
RICHMOND, Va., June 1.—Pledges of support to President Wilson in these perilous times and prayers for righteous peace of the world marked the opening here today of the twenty-fifth annual reunion of the United Confederate Veterans. To the strains of "Dixie," "Carry Me Back to Old Virginia," and "Swanee River," thousands of wearers of the gray from all parts of the southland marched through the streets of the city auditorium, where they were welcomed by Governor Stuart. Hundreds of "Stars and Bars" were waved by a concourse of boys and girls as the veterans cheered a black-clad little woman, the widow of General J. L. B. Stuart, the cavalry hero, who, at the outbreak of the ceremonies Chaplain W. J. Bachman of Chattanooga prayed for blessings upon our country, our Chief Executive and all in authority in these perilous times. "And that the American people may stand with faces of flint for righteousness and the peace of the world."

THE TWENTIETH ANNUAL REUNION OF the Sons of Confederate Veterans also is in session here. Clarence J. Owens of Washington was roundly cheered, when addressing the Sons of Veterans, he declared: "If in the wisdom of our great Chief Executive, it should be decided that our national honor is compromised by the further maintenance of peace, and the call to arms should then follow, I say that no part of the country will fail to respond heartily to the support of the President then the sons of the men who 50 years ago took up arms in the South's cause."

TAFT ON REPLY OF GERMANY.  
By Associated Press.  
NEW HAVEN, Conn., June 1.—William H. Taft, when asked last night to comment upon the German reply to the American note, said: "I think the reply of the German government is irresponsible and inconclusive."

# SEBASTIAN FACES BATTLE AT POLLS

President Sounds Warning to Both Candidates for Los Angeles Mayoralty Claims Election Victory.

(Continued From Page 1)

LOS ANGELES, June 1.—Charles F. Sebastian, city clerk and board of freeholders to draft a new city charter. The election also voted upon a proposed ordinance regulating motor buses as designed and approved by the busmen themselves. Another providing a two-vision system for the fire department, and a proposition that no further telephone trunks be granted unless the two companies now operating agree to interchange service. Interest in the election centered in the campaign of Charles F. Sebastian, chief of police, and Frederick J. Whitte, president of the city council, for mayor. Early today both were claiming the election. When the polls opened today predictions were made that about half of the registered voters of 50,000 would be cast.

CHARGE VOIE BURIED.  
Zest was injected into an otherwise dull election by charges that some of the political managers had resorted to a new form of vote buying—that of hiring election workers on a sliding scale, under which the workers would receive \$2.50 for the day if their candidate lost and \$5 if he won. This was declared to be a violation of Section 54 B of the penal code. In addition to the majority interest centered in the contest between two sets of candidates for the school board. One set seeks election on the platform that it is "for Francis," the school superintendent, over whom the present board split. Walter Bordwell, former superior court judge, heads a "non-partisan ticket." The fortunes of two women candidates for city council were another matter of interest. They are Mrs. Estelle Lawton Lindsey, a newspaper writer, and Mrs. Clara Shortridge Felt, a lawyer. Both made good showings in the primary.

DENY GUNS AT FORT WERE TAMPERED WITH  
By Associated Press.  
SEATTLE, June 1.—The report that an attempt had been made to disable several of the heavy guns at Fort Flagler by removal of the breech blocks and destruction of the mechanism, was circulated in Port Townsend three weeks ago by a soldier from the fort, who had been drinking, it is alleged. Officers of the post, on being asked concerning the report, said today it was entirely false.

# SERBIA TO RESUME HOSTILITIES; PLANS FREEDOM ATTACKS ON AUSTRIANS

By Associated Press.  
NIS, Serbia, June 1.—The Serbian government today announced that it was resuming hostilities against Austria-Hungary. The military authorities also announced that a successful engagement as a result of which a battalion of Austrians was captured and taken to the north-east of Capriote was dispersed. Considerable military activity on the part of the Serbians has been reported also on the Albanian front. Several months have passed since Serbia has been actively engaged in important military operations against Austria-Hungary. It was in December that the last heavy fighting was reported. Recent dispatches have indicated that a new Serbian army was being organized and that the campaign of hostilities might be expected, on the other hand, Austria has been making preparations, and a dispatch early in May said a new Austrian army was getting ready to take the field against Serbia. It has been predicted that Serbia would strike again against Austria.

BIG CUNARD LINER IS REPORTED ON ROCKS  
By Associated Press.  
NEW YORK, June 1.—Passengers on the steamship Lapland, in yesterday from Liverpool, said they had seen the Cunard liner Aquitania, the largest British ship ever launched, which was commandeered early in the war for use as a transport, on the rocks in the Mersey. At the office of the Cunard line here it was said that no information had been received of any mishap to the Aquitania. According to the passengers, the ship was surrounded by lighters, and she appeared to have taken in a quantity of water, as she had a bad list. The passengers said they had told that the Aquitania left Liverpool May 19 or 20, carrying troops to the part in the campaign in the I. dardanelles. While still in the harbor, passengers said, they were informed that the ship was in trouble. The troops were taken off, they said, and the work of lightening the cargo was then begun.

SUBMARINE INTERRUPTS TURKISH TRANSPORTS  
By Associated Press.

Whitman or Martin, as he was known to the neighborhood, was the last man seen with Springer. When the sheriff's office was notified of the murder, Sheriff Barnett started a search for Whitman, who is but 23 years of age. Local detectives trailed the fugitive's movements from the time of the murder to the time of his arrest. It was learned, Barnett says, that Whitman left Sausalito early morning, coming to Oakland, alighted from the train at the foot of Broadway, and managed to purchase a change of clothing. He left his blood-stained apparel behind. It is this supposed to have been his message to Whitman, who then said to have made way to Vacaville, and later to Sacramento, where his arrest followed the same night. When in custody he told the police that he had killed three men and intended to kill another soon. He said he had first admitted the murder of Springer, and to have later denied it. He at first denied the statement of the police that he had been arrested in Fresno county for grand larceny, but later admitted the truth of the charge.

SOCIALISTS OF GERMANY DENOUNCE WAR POLICY  
By Associated Press.  
LONDON, June 1.—The Morning Post's Berlin correspondent says that a long manifesto of the German Socialist party is being circulated widely among the German working classes. According to the correspondent, it accuses Austria of having caused the war, complained of the ignorance in which the Austrian people are kept, and denounces the German war policy as imperialism and secret diplomacy as the arch enemies of the German people. It is asserted in the manifesto that peace was possible, "but the imperialists refused it."

## GERMANS SPAR FOR TIME. LONDON PRESS OPINION

By Associated Press.

LONDON, June 1.—In their comment on the German reply to the United States government, the morning newspapers take the view that Germany is seeking to gain time by involving the United States in a diplomatic controversy. They contend that almost all the allegations made in Germany's defense are false.

The Daily Mail considers that a situation of real gravity has arisen between Germany and the United States. "Germany's reply," says the Daily Mail, "shows a complete failure to understand the temper of the American people or to meet the American case. A more sneering or contemptuous reply or a flatterer's attempt to make the American government seriously could hardly be imagined. Unless we greatly mistake, President Wilson is not a man to tolerate the sophistries with which the sages of Wilhelmstrasse seek to avoid giving a plain answer to his plain question."

The Daily News in an editorial thinks that the grounds on which Germany seeks to justify the sinking of the Lusitania are mere impertinences and like other newspapers declares the case of the steamer Megantic proves the allegation that the Lusitania was carrying troops or munitions had nothing whatever to do with her being sunk.

## ENDS OWN LIFE DESPITE SAVINGS

**S. F. Employee Fires Bullet Into Brain; \$3000 in Bank; \$136 in Pocket.**

Although he had \$136 in his pocket and bank deposits totaling \$3000 in the Hibberts Bank of San Francisco, Patrick Cavanaugh, 35 years of age, and for many years a bridge carpenter for the Southern Pacific Company, blew out his brains in a room in a downtown hotel early this morning.

Mystery surrounds the motive for the act, but the police and morgue officials believe that despondency on account of ill health is the reason for the suicide. A card of admission to the Southern Pacific hospital in San Francisco, and many medicine bottles were found in the room.

Close beside the body were two notes written just before the fatal act. One asks that the body be cremated and the second takes the form of a last will, bequeathing his bank book and deposits to Owen Smith, also a bridge carpenter, a friend of Cavanaugh's for many years.

Cavanaugh has been residing at the hotel at intervals for several years. He rented room 15 last night, but did not call at the room of James Gibbs, whom he has known for a long time, according to his custom.

Instead he peened his last words, placed the revolver in his hand and blew out his brains. One note was

## In Ninety-First Year When Death Summons

Closing a life of 94 years, Mrs. Elizabeth Hartz, a native of New York, passed away yesterday at the Kings Daughters' Home, where she had been cared for during the last months of her life.

Forty-two years ago the deceased came to this state from the east, and in the early days she lived in Oakland. Her husband, Fred Hartz, died in 1871, and she was then left a widow with three children, Mrs. J. Newcomb and Mrs. W. George, and four sons, James H. Hartz, Joseph Hartz, George Hartz and Spencer Hartz.

## MISSION WORK THEME OF PRESBYTERIAN MEET

By Associated Press. June 1.—Reports of education, Freedman's missions, appropriations, and the state of religion were to be read at today's session of the forty-seventh general assembly of the United Presbyterian Church of North America.

The assembly yesterday eliminated for the present session the question of merging with the Southern Presbyterian church.

Approximately 1 per cent of the delegates are from a voluntary mission to home missions was pledged by the assembly late yesterday.

found in his clenched hand. According to Henry Stebbins, who also lives at the hotel, the shot was fired about 12:30 this morning.

The only relative of the dead man known to the officials is Mike Grady, a detective in the San Francisco police department, who was notified of his death. The body was taken to the morgue.

## MANY CITIES WANT TWO FACE CHARGE SHRINER MEETING OF COUNTERFEITING

**Seattle Council to Have Merry Fight Deciding Important Question.**

SEATTLE, Wash., June 1.—Where the 1915 Imperial Council gathering of the Nobles of the Myrtle Shrine will be held—one of the most important questions to be decided at this year's session here in July—is already attracting the attention of several of the many nobles comprising the fun-making body. That a merry little fight will be waged before the lucky city is designated is practically a foregone conclusion.

Among the cities which have already entered the lists is St. Louis, Mo., which will send an unusually large delegation from Moolah Temple, accompanied by a balloon, having a claim. St. Louis has never had the honor of entertaining the distinguished body, although it met in the same state at Kansas City in 1901.

New York City leads the race, the country in entertaining the order, having acted as host eight times since its introduction in this country in 1872. Albany ranks second with three times to its credit. Other cities in New York state which have entertained the Shrine include Niagara Falls, Buffalo, Saratoga Springs and Rochester.

The Shrine has met but once outside the boundaries of the United States, in 1888 at Toronto, Can., Cleveland, Ohio, was the first city to draw a convention away from New York State, obtaining it in 1886. Since then Cincinnati in the same state has also been favored with the Arabic order.

Chicago, Ill., has entertained it twice, in 1889 and in 1905; and Los Angeles and Dallas have likewise had it twice.

Cities where it has as yet visited but once include Indianapolis, 1887; Omaha, 1892; Denver, 1894; Nastasket Beach, Mass., 1895; Detroit, 1897; Washington, D. C., 1900; San Francisco, 1902; Atlanta City, N. J., 1904; St. Paul, 1905; Louisville, Ky., 1909; New Orleans, 1910 and Atlanta, Ga., 1914.

The convention in Seattle this year will be the first held in the north west, and on the Pacific Coast. It will begin July 13 and extend over three days. J. Putnam Stevens, of Portland, Me., present imperial Deputy Potentate, will probably succeed to the high dignity of imperial potentate, on the resignation of the present royal leader, Dr. Frederick R. Smith of Rochester, N. Y.

**Suspects Also Believed to Be Men Who Held Up Saloon Man.**

SAN FRANCISCO, June 1.—Arthur Valin, 27 years old, and Thomas O. Hutchinson, 37 years old, were arrested by United States authorities yesterday on a charge of counterfeiting. The police believe the two men were the two who held up and killed Henry Hendrick in his saloon, 2495 Mission street, and wounded Charles Dahmke on May 22.

The arrest was made by Harry Moffitt, local chief of the United States marshal's office, Isadore Costanzo and Thomas Foster, two of his operatives, and City Detectives Henry Kalmbach and George Richards.

Valin and Hutchinson shared a room at 45 Franklin street. Here were found, in addition to the counterfeiting evidence, for which the United States detectives were looking—revolvers with steel-jacketed ammunition and a blue handkerchief.

The two answer the general description given by Dahmke and the other customer in the saloon at the time of the hold-up. The two bandits wore blue handkerchiefs and used steel-jacketed bullets.

Neither Dahmke, who is still in St. Luke's hospital suffering from the effects of his wound, nor William Vass, the other witness of the hold-up and murder, have yet identified the men.

The police said last night that the arms and masks found in the room merely arouse suspicion, and that Vass and Dahmke must identify them positively before a full case can be made against the two arrested men.

Valin, who gave his age as 30 years and his occupation as that of a boiler-maker, was arrested in San Bernardino in 1905 and sentenced to serve eighteen years in Folsom for highway robbery. He was released on credits.

Hutchinson, who said he is 17 years old, gave his occupation as that of a laborer.

Moffitt said last night that there is more to be done in connection with the charge of counterfeiting and, for that reason, refused to name the evidence collected by him and his operatives.

## WANT PAVEMENT ON AVENUES IMPROVED

The wornout pavement between the car-tracks on Telegraph and San Pablo avenues and the decrease of traffic on these two main thoroughfares were brought to the notice of the Alden Library and Improvement Club, whose more than a thousand members reside in the district traversed by the lines of the Traction Company.

E. L. Vander Naillen, the head of the Vander Naillen School of Engineering, and Dr. Carl Walliser, a member also residing on Telegraph avenue, explained the steps that had been taken by the proper authorities to make the Traction Company live up to the requirements of the Charter, Section 25 of which clearly defines the duties of the Mayor and of the City Attorney in reference to action to be taken to enforce the provisions of the franchises given to transportation companies operating public utilities.

Lack of funds, keen competition, the liberal transfer privileges and the extension of the service into distant, sparsely settled districts without adequate revenue were mentioned as grounds offered by the car company for its non-compliance with the law. But these reasons were not considered sufficient to hinder the growth of the large business district lying along the way between old Oakland and the University city.

A motion was carried to take immediate action in this matter and to appoint a representative of the Alden Library and Improvement Club to confer with the Mayor and the city attorney of Oakland and also to meet the officials of the Traction Company. Dr. Walliser was appointed a committee of one to represent the club with instructions to report at the next semi-monthly meeting, to which all property owners in the district will be invited.

## COMMISSION LOOKS OVER RECLAMATION PROJECTS

By Associated Press. CHICAGO, June 1.—A joint commission representing the Federal reclamation bureau and the appropriations committee of the House, departed today on a six-weeks' tour of inspection of reclamation projects throughout the West.

The commission is headed by John J. Fitzgerald of Brooklyn, chairman of the appropriations committee. The other members of the committee and four officials of the reclamation bureau were in the party.

Twenty-eight projects, involving a cost of \$113,000,000, are to be inspected. The first stop of the commission will be at Elephant Butte dam, in New Mexico, from which it will go to the Roosevelt dam in Arizona.

## COST \$26,000 FOR NEW YORK TO HONOR FLEET

By Associated Press. NEW YORK, June 1.—The total cost of New York City's entertainment of the Atlantic fleet during its recent visit and review here, ending May 18, was \$26,000, according to the report of the mayor's committee, which had charge of the arrangements. The city had appropriated \$10,000 and the public subscribed \$27,000. Of this \$10,000 has been returned to the subscribers and \$1000 to the city treasurer. The \$12 it cost \$62,000 to entertain the fleet here.

Cornelius Vanderbilt, chairman of the committee, in his report praised the conduct of the enlisted men while on leave in the city and paid a tribute to their splendid appearance and character.

## TRIED TO BEAT WAY.

Trying to beat their way out of the city, Edward Devlin, Leo Creamer, Percy Hart, Henry Kenny and Mike Robane were detected by Policemen McCormick and Special Railroad Officer Carlson and McSweeney and placed under arrest at the Sixteenth street station early today. Champion From Quaker Fights Tomorrow Night Fans Will See Another 'Mysterious' George' Mason

Another "Mysterious George" Mason is coming. A little inside tip from a Philadelphia fight fan tells us that we are shortly to see another champion from that city in the local boxing game. When George Mason stepped into the local game he made a great hit, and on account of the fact that he seemed to be an experienced fighter and yet brought no record with him, he was branded "Mysterious George." The habit of traveling incognito and forgetting past records seems to belong to the Philadelphia boys, for it has been tipped off that one of the boxers on tomorrow night's program at the West Oakland Club comes from the same ring that turned out Mason.

Henry Seaman, who comes from the Quaker City, where he has the featherweight title in the amateurs, Philadelphia, is the one who is expected to be the challenger. He is a good impression here. If Seaman lives up to the standard set by Mason, he will be a very good one. Some class, scrapping tomorrow night.

The main event that Tommy Simpson is lined up to be the main event. It is interesting that the fans have "ad a class" of seeing for a long time. Jack Davis, the fighting conductor, and Frank Leaver, the fight manager, are both expected to be in the ring. The boys are both heavy hitters and game to the core.

Davis is the more clever of the two.

EDDIE COLLINS MOST SUPERSTITIOUS OF BALL PLAYERS

White Sox Star Has Many Curious Fancies and Habits on Field.

HOW COLLINS KEEPS HIS LUCK. Puts his cap on first when donning his uniform.

Racks his bat in a certain position and carries chewing gum stuck to button of his cap.

Transfers the gum to his mouth if he gets two strikes.

Must be last man to handle the ball before it returns to pitcher following an out.

CHICAGO, May 31. — All good sailors are superstitious. So are the topplers of the diamond. Baseball also boasts a host of prominent gents who fall for freakish omens, and chief among the lot on tour with the White Sox is the Peoria Eddie Collins.

White rain was falling one afternoon following an early cancellation of a scheduled Sox-Cleveland combat. Eddie's comrades-in-arms took to dozing out their prospects for the season and informally discussing the season's chances of the former Blackman, whom John McGraw has styled the greatest ball player in the world.

At the moment he enters the clubhouse to prepare for the afternoon's festivities Eddie fairly radiates superstition. His very first move is a picture featuring the battle star in the act of donning his spangles. Unlike the average individual dressing for his daily labors, Eddie always starts by putting on his cap. He then proceeds to do up his shirt, vest, collar, tie and coat before he turns into his jeans. These superstitions, some more, so the athletes agree.

Once he stamps his spiked shoes upon the floor, he takes a long look at his uniform. For instance, he guards his trusty war club as he would his life. No other member of the team is permitted to touch Eddie's bat. He always insists that the stick be racked at one end of the bat house. If it is not, he will be sure to get it. If some careless brother accidentally, or otherwise, happens to disarrange the clubs.

His fans just keep their eyes glued on Collins the next time he parades to the plate. Watch him in particular if the opposing pitcher gets two strikes on Eddie. He always prepares for this contingency by sticking a piece of chewing gum on the button on top of his cap, and if the second strike falls, he will quickly transfer the gum to his mouth. If he gets a third strike on the pitcher, he will be sure to get it. If he gets a third strike on the pitcher, he will be sure to get it.

Remember the other afternoon in Chicago when Eddie started at the end of the bench and soaked every one of the players with the handle of his bat, then stepped out to bat. He was driven by Tommy Quinn during the fanning bee. And the other athletes responded with a volley of yells. All these fancies stood Eddie in good stead during his career. He is a good player, and he is a good man. He is a good player, and he is a good man.

Farewell to the 'Baby Grand'

HARRY MEER, dubbed by the fans "The Baby Grand Piano of Baseball," who has been released by the Los Angeles club. All the clubs of the Coast League wanted on him, but Harry will probably have no trouble in getting on with some Northwest League team. "Dad" owns property in the Northwest and was always a great favorite with the fans.

BASEBALL By Billy Fitz

Without their manager the Oakland club left for Portland last night under the business direction of Secretary Jack Cook and the leadership of Field Captain Jack Nease. Manager Tyler Christian is suffering from an attack of hay fever, which is so painful to his eyes that his physician told him it would be necessary for him to forego the ball field for several days.

Instantly as the Oakland club will be away only five days, the trip north was deemed hardly worth while by Christian in his present condition. It would not surprise anyone if the Oakland team, at this time, was to absent himself for two weeks and take a flying trip to the major circuit in quest of some much needed material. Christian needs three men—a southpaw, a shortstop and another hard hitting outfielder. With the addition of such talent Christian would have a ball club.

The men are undoubtedly available, and it looks as though it would be the height of wisdom for the Oakland club to send Tyler east mail pronto.

The last time the two clubs met Oakland won every game, and naturally, Christian is anxious to get revenge. Manda and Mandaif have been held at home, which brings rise to the suspicion that one or both will be released when expected deals with eastern clubs materialize.

The Los Angeles club released three players yesterday. Catcher Harry Meek, Firstbaseman Bill Abstein and Outfielder Harry Harper. Failure to hit in each game was the reason for the release. This cuts the Angel squad down to seventeen men. Speed McDonnell will be with the Los Angeles club this week when it meets the Seals on the home grounds. So will Jack Beatty, the new firstbaseman.

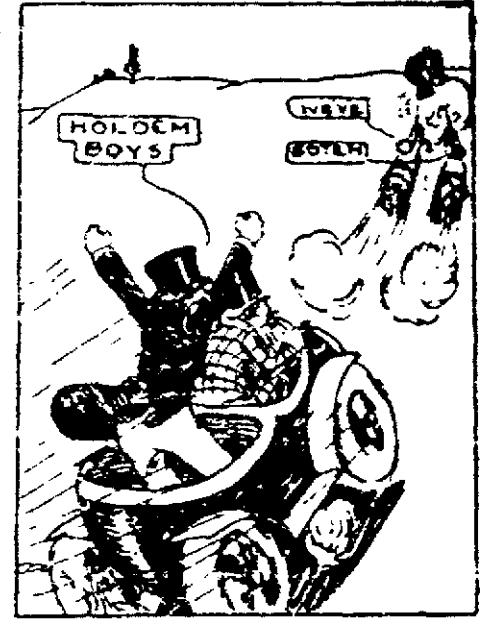

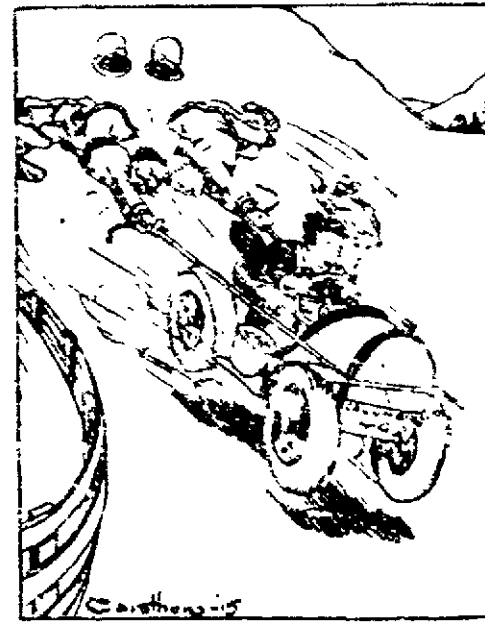

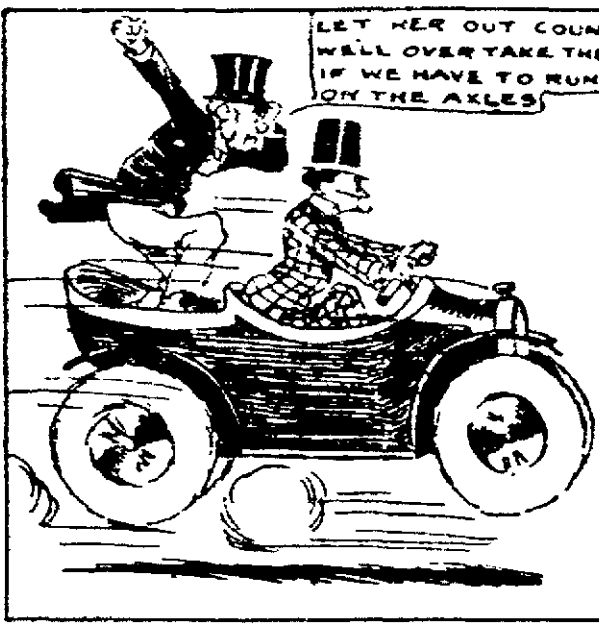

Directors of the California State League will meet this evening at the Continental Hotel, San Francisco, to re-arrange the schedule.

# U. S. COMMISSION PROBING EXPERTS

**Federal Board Confers With  
Business Men of Boston  
on Foreign Trade.**

By Associated Press  
BOSTON, June 1.—The Federal Trade Commission began here today a series of formal conferences with business men on foreign trade, particularly export business. More than eighty leaders of commerce and finance in Boston are expected to

The hearing here was a repeat extended one given by the commission since its organization and is in the nature of a preliminary survey of foreign trade information gathered here and at New York

There was no limitation upon the nature of the statements by those appearing before the commission, except that these pertained to facts that support conclusions drawn by the commission.

Because of widespread discussion of the advisability of American exporters combining to overcome anti-dumping charges abroad

the commission prepared to inquire extensively on that point. It was decided not to limit the hearing to that problem, however. Chairman Davies has already called attention to the need of permitting such combinations in order to facilitate the marketing of American goods.

## 415 LIQUOR LICENSES IN CITY, POLICE REPORT

Harry Wengant and J. H. Lee were granted permission to conduct a pool room and billiard hall at 3540 Telegraph avenue. Similar action was taken in the case of Kahl & Sarver, Ninth street and Obermuller.

Claim of the Kelly-Davis Company for \$13.82 covering half of the cost of printing briefs for the legal department of the city was rejected by Auditor I. H. Clay when he discovered that the bill had already been paid.

## PETERSEN'S SPEECH WINS FAME FOR LOCAL CHIEF

Chief of Police W. J. Petersen has won international recognition of his views on "The Constructive Police," an address which he delivered last week at the annual convention of the National

Association of Chiefs of Police at Cincinnati. The convention ordered 200 copies printed and sent to the mayors, directors of safety and chiefs of police throughout the United States and Canada.

Mayor Mott received word today from the chief that he had been elected first vice-President of the association, and

though strongly urged for the presidency he had declined to permit his name to be presented for that place.

At the close of the convention Friday Chief Petersen departed for Philadelphia then to visit New York, Boston, Washington, D. C., and New Orleans before returning home.

ROSEMARY PLAY OF NEW-OLD CHARM

Success of Years Ago Is Revived Before New Audiences by Drew.

The shows of yesterday may be as far from the ken of the world as Francis Wilson declared—and so many Francis Wilson things that of old is a delight—but the play of yesterday is today's success. The play was proved, even, but never so strongly as when, at the Macdonough last night, John Drew presented the success of twenty years ago, the famous play "Rosemary." Some of the old cast remained, but Maude Adams, Elsie Barrymore and several others who led to fame with the original production, have not been there. Those who knew the old play missed them, but these were few, for it was the younger generation who applauded the offering last night. Some in the audience went out with tender memories of long ago, while others with a new conception of life and a feeling that they had seen something new in the way of drama—so different is the comedy from the plays of today.

"Rosemary" is a love story as sweet as the flower from which it got its name—a play of human appeal beyond almost any modern work. The entire four acts, charmingly old-fashioned, but wonderfully attractive, blend into one long record of sweetest. Not that dramatic situations are not also there in plenty, but the effect on leaving is that of one who has read a book like "Lorna Doone"—only a hundred times better written.

John Drew as Sir Jasper Thorn-dike, presented a figure new to the theatergoer of today, who has looked many times on the mustached and dress-suit form of the actor. Clean shaven and in the costume of our great-grandfather, he presents a style of acting as different from his usual work as he does an appearance, and shows the deep vein of versatility that lies behind the actor who for years has played nothing but "society burlesque" parts. It is the coming of the old school as well as a play of the old school, and acting as seldom seen nowadays as the play—the acting that has become a tradition and that old Thespian long for in referring to the "good old days."

Alexandria Carlisle is charming in the play as Dorothy Cruickshank and Mrs. Thomas Whitely, veteran actress, was never better cast than in the role of Mrs. Cruickshank, bringing to it her own natural charm, aided by her years of experience on the American stage. Harry Harwood, Herbert Druce, Fred Goodwins, Helen Collier, Walter Soderling, Lewis Edgard and others are in the clever cast that presents the little romance.

Plays come and go—and some of them return. "Rosemary" is perhaps the most notable of the returns and new in its very age, is one of the notable offerings of the Oakland theatrical season. Who sees it leaves with a memory that will last long after John Drew has returned to his society parts, and who misses it misses not only an entertainment but something better—a conception that would live long in his mind, entertain him and guide him. "Rosemary" will be presented tonight and tomorrow night, with a matinee tomorrow.

LODGES HELPING FAIR DAY SALE

Many Organizations Favor the New Kind of Ticket to Exposition.

The agreement made between the Alameda County Day committee and the Panama-Pacific International Exposition, to place fifty admission books on sale in many places throughout the county, has been received with keen interest and will increase the attendance on Alameda County Day, June 12th, at the exposition.

These books will be disposed of at twenty dollars, and will contain fifty desirable and general admission tickets. This sale will reduce the general admission to forty cents and no photograph is required for this sort of ticket.

A large number of fraternal organizations, clubs and other institutions have already made application for the twenty dollar books and are disposing of the books.

The books are on sale in the Oakland, Berkeley and Alameda parks, in all the ticket offices of the Key Route, in the Southern Pacific office at 15th street and Broadway, Oakland, in all the offices of the Pacific Gas and Electric Company throughout the county, in the Hotel Oakland and in the department stores of Oakland and the other Alameda county communities. These admissions are good during the entire exposition period.

FLAG DRILL FEATURE. A big feature of the day promises to be the flag drill in which more than 100,000 of the Oakland school children will participate. This drill was used in the opening of the Oakland Municipal Auditorium, where it created a big sensation.

The Joy Carnival which is to be held at the exposition, will be the most attractive feature of the day and the industrial and uniformed parades will be the largest arranged since the opening of the exposition.

The reception committee, headed by Mrs. A. C. Posey, is working on the dinner which will be served in the auditorium of the hall of the California building, and which will be an elaborate affair.

The next meeting of the general committee will take place in the Oakland Chamber of Commerce this evening and every organization in the county is requested to send three delegates.

WALSH MAKES CHARGES IN COLORADO MINE CASE

KANSAS CITY, June 1.—Frank P. Walsh, chairman of the federal industrial relations commission, in a statement declared the commission "has proved the absolute responsibility of John D. Rockefeller Jr. himself for everything that happened in Colorado."

Walsh added that the men who led the Colorado strike were fighting then for liberty against an enemy as powerful and menacing as any ever faced by our revolutionary forefathers.

The record of the Washington hearing of the commission, said Chairman Walsh, is remarkable to my mind, chiefly because every major indictment brought against the Rockefellers, father and son, as well as other coal operators, has been proven out of the lips of John D. Rockefeller Jr. or the men who were hired to carry out the joint will of his father and himself; in most instances, backed by the letters over the signatures of these men.

LETTER MAY SAVE LIFE OF FRANK

Judge Roan's Statement Offered to Prison Commission Hearing Application.

ATLANTA, Ga., June 1.—Hearing of the Frank's application for commutation of his death sentence to life imprisonment was completed here yesterday before the State Prison Commission. The commission's recommendation, probably will be transmitted within the next few days to the governor, who will take final action on the appeal. No opposition to the application was presented.

Principal features of the proceedings consisted of the presentation of a letter written a few months before his death by Judge L. S. Roan, who presided at Frank's trial in which he sought clemency for the prisoner, and a statement by Mrs. Frank describing her husband's character and denying rumors of an arrangement between herself and Frank.

Judge Roan in his letter stated that at the proper time he would ask the governor to commute Frank's sentence to life imprisonment, that after many months of deliberation he still was uncertain of the prisoner's guilt, and that "it is possible I showed undue deference to the opinion of the jury when I allowed their verdict to stand."

Production of Judge Roan's letter, Frank's counsel stated, obviated the necessity of extended argument.

Frank did not attend the proceedings, but his wife was present throughout. W. M. Howard, who conducted Frank's application, submitted court records, petitions from legislators and societies and letters from prominent lawyers, jurists and others. Several well-known Georgia lawyers and judges made oral pleas in Frank's behalf and arguments were presented by former Governor Foss of Massachusetts, heading a delegation of the Independent Order of Sons of Israel; John M. O'Connor, chief justice of the criminal court of Cook county, Ill., representing the Chicago Frank committee; Mrs. Mary de Laney Fisher of Chicago, representing 200,000 women from all over the country, whose petitions she presented, and others.

By Associated Press. CHICAGO, June 1.—Hearing of evidence in the so-called police graft case was begun in the criminal court today. POLICE JUDGES FACE VERY LARGE CARRIAGES

SAN FRANCISCO, June 1.—Almost a record in police arrests was noted on the calendars of the three departments of the police courts in operation today when it was found that there were no fewer than 312 prisoners to be brought before the bar for more or less serious offenses.

Police Judge Wiley, F. J. is on a vacation, but when the criminal judge's magistrates took their seats on the bench this morning they found themselves in an avalanche of work distributed as follows:

Police Judge Brady, 142 cases; Police Judge Oppenheim, 83 cases, and Police Judge Sullivan, 50 cases.

The docks were not large enough to hold the prisoners, who were herded in a section of the spectators' row and were brought to the city prison in two separate shifts.

It is alleged that the crime was committed at a local lodging-house several months ago and that the chief witness against the defendant will be the alleged victim.

The police state they are attending to Dr. Carpenter with several criminal operations.

RECIPE TO CLEAR A PIMPLY SKIN

Pimples are impurities Seeking an Outlet Through Skin Pores. Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, when the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from the pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.
